 D. McLean Esq. 1/6/2

Dear Sir

I take the liberty of writing you a short note to ask if you can kindly be so good as to a situation either here or at the South I have been promised a fortnight's leave as Interpreter some months but I have been getting on with all the routine of a farmer or a sheep & cattle station in fact with anything connected with stock. You may probably know of some friend you want of a person to manage or perhaps may want some one yourself as I believe you
