My dear Sir
Received by hand
a note from you without
date
I am glad that Alurini
is likely to remain quiet
our Protestas profess neutrality
and great brokas for us I am
indopes we shall not be molested
a few more druttings given
the traitors, with softening
our fellows ideas away
On the return of the trials
Paul Kaiti and others stated
they had wasted on you with
reference to the lands purchased
in the District since 1840
