My dear Sir  
Received by hand  
a note from you without  
date  
I am glad that Alurini  
is likely to remain quiet  
Our Protestas profess neutrality  
and great hopes for us I am  
induced to think not to be molested  
a few more drubbings given  
the traitors, with softening  
our fellows ideas away  
On the return of the trials  
Paul Kaiti and others stated  
they had waited on you with  
reference to the lands purchased  
in the District since 1840
