8 p.m.

Sir,

I have the honor to state that Mr. Goulet Felix has just returned from his Station, Patumumu; and informs me that he saw the horses (belonging to Waata), reported in mine of the 8th. inst., to have been stolen by a supposed body of Hau Haus, some 5 miles this side of his place (a native accompanied him). He further states that no signs of any enemy are visible in the neighbourhood of Patumumu; or, apparently, of their having been there since his leaving, some 3 weeks ago.

Two Troopers have just returned from being all round the district; and

have seen no appearance of any enemy whatever., either.

I have the honor to be,
Sir,
Your most obedient servant
