 My Parents salutations to you.
 We have received your Circulars,
 we see that they are good - good
 in this respect that you inform
 us of what the Govt say, that the
 two races the European and the
 Maori may share; we have nothing
 to say, the Government has decided
 and those who are to do the work will
 have to do it. You say truly that
 property, and the fruits of the
 earth are declining in value,

 of money. Another cause is our

10. ^{as for} ~~as for~~ ^{it} it is right to keep it-
away from Maori settlements.
Now this is an application to
you to give us some Government
work, that we the people of the
whole district of Opotiki, and
on to Tihikiau may do it.
The works I ask for are roads,
and Schools for our children
that they may be able to under-
stand the works of the European.

That is all
