We, that is, all the chiefs of Ngati Te Upokoiri who met together at Te Awahou, write this our message to you. The issue that gave rise to our meeting was the talk about our land of Patea. The reason for our making a statement was in relation to the behaviour of many tribes who want to take possession of my land. Hence we suggest that you come here so we can see you and we can all talk about Patea and Otara. Come so we may demonstrate to you our desire.
